

In a moment, you hear the eerie and beautiful sounds of the new whalesong. Now, you have what you want—the enemy agents and the stolen whalesong tape. The only problem is that there are two pistols pointed at the back of your head.

There hardly seems to be any choice; you must bluff your way through it somehow. You don't know the meaning of the new whalesong, but you know you have to pretend you do, and if you fail, then . . .

"Well, let's have the answers," the bald man snaps at you.

*If you say the whalesong means
"Warning, keep away from ships,"
turn to page 81.*

*If you say the whalesong means
"Follow me to our secret place,"
turn to page 106.*
