

"We think Carter is on the level," he replies. "but we just got a startling report from an informant in New York. The Russians are analyzing the releasing tape in a brownstone house off Central Park occupied by a man named Ivan Ivanko. We are now sure that Ivanko is Double-Eye. Can you follow this up? You may be able to break this case wide open."

*If you go with Dr. Carter to Truro,
turn to page 31.*

*If you leave Carter and go instead to
New York, turn to page 33.*
